Professional Summary

Aspiring Data Scientist and AI enthusiast currently pursuing an M.Sc. in Data Science at DA-IICT, with a strong foundation in Machine Learning, NLP, and LLM-based systems built on a B.Sc. in Mathematics. Proven track record of building end-to-end AI applications — including RAG-based assistants, semantic search engines, and computer vision pipelines — using Python, FastAPI, and modern ML frameworks. Combines technical depth with demonstrated leadership as an elected student body president and volunteer educator.

Education

Dhirubhai Ambani University (DA-IICT) <i>M.Sc. – Data Science CPI: 7.15 (Till 2nd Sem)</i>	Gandhinagar, Gujarat <i>Jul 2025 – Present</i>
Scottish Church College <i>B.Sc. – Mathematics CPI: 7.17</i>	Kolkata, West Bengal <i>Jul 2021 – Jul 2024</i>
Garhbeta High School (WBCHSE) <i>Higher Secondary (Class XII) Percentage: 98.20%</i>	Paschim Medinipur, West Bengal <i>May 2020</i>
Garhbeta High School (WBBSE) <i>Secondary (Class X) Percentage: 90.14%</i>	Paschim Medinipur, West Bengal <i>May 2018</i>

Projects

SarkariYojana AI <i>Groq LLaMA 3, RAG, Supabase, Firebase</i> Github Repo - Built an AI-powered government scheme assistant that helps users discover 4,600+ schemes using intelligent semantic search and accurate, evidence-backed responses. - Designed a scalable platform with secure authentication,persistent conversation history and real-time interactions.
IllumiRefine AI <i>PyTorch, OpenCV, FastAPI, Hugging Face</i> Github Repo - Developed an AI-driven low-light image enhancement system using a Self-Calibrated Illumination (SCI) network with adaptive image fusion for noise suppression. - Deployed a FastAPI inference backend and React frontend, enabling high-quality image restoration with real-time cloud-based processing.
Connect2Faculty <i>Python, FastAPI, NLP, SQLite, Vercel V0, Render</i> Github Repo - Developed an AI-powered semantic search engine for faculty discovery, enabling users to find relevant researchers based on research interests and expertise. - Built an end-to-end data pipeline to collect, process, and index faculty information, delivering fast and accurate search results through an interactive web application.
Bankruptcy_Predictor <i>Python, Random Forest, Streamlit, EDA</i> Github Repo - Developed an interactive machine learning application to predict company bankruptcy risk using real-world financial data and provide real-time risk assessment. - Performed data preprocessing, feature engineering,EDA,and model optimization to improve prediction accuracy.

Certifications

Fintech Essentials <i>GIFT International Fintech Institute Credential ID: FE-DAU-06-2026-001</i>	<i>Jun 2026</i>
Data Analytics <i>IBM Credential ID: PLAN-3C665A29A398</i>	<i>Oct 2023</i>

Technical Skills

Languages: Python, SQL, C

Databases: PostgreSQL, SQLite

Data Engineering: ETL Pipelines, Data Processing, Data Integration, Web Scraping, Data Analysis

Frameworks & Cloud Tools: FastAPI, Streamlit, Render, Vercel V0, OpenCV

Machine Learning & AI: Machine Learning, NLP, LLM, EDA, Vector Embeddings, Digital Image Processing

Developer & Visualization Tools: Git, GitHub, VS Code, Linux, Tableau, Power BI

Soft Skills: Team Collaboration, Leadership, Problem Solving, Communication, Time Management

Experience & Position Of Responsibility

President – Wann Hostel

Scottish Church College

Student Leadership & Administration

Jul 2022 – Jun 2024

- Elected to lead and represent the student body of Wann Hostel, managing daily operations and student welfare for a diverse community.
- Coordinated hostel events and acted as a primary liaison between students and college administration to resolve infrastructure and residential issues.

Mathematics Educator

Sabujmon School, Scottish Church College

Volunteer Educator – Children (Underprivileged)

May 2022 – Jun 2024

- Served as a Mathematics Educator at Sabujmon School, an adopted school for underprivileged children, for over 2 years.
- Designed and delivered engaging math lessons, improving foundational numeracy skills in a resource-constrained environment.

Achievements

- **Academic Achievement:** Secured **9th Rank** in the West Bengal Higher Secondary (Class XII) Examination .
